If the database that is opened in SpaceCap does not contain any coordination notice from which the wizard could create a notification notice. the wizard prompts the user to select a database with such information.

We recommend that you select the latest SRS database or download the space station's Coordination Request database from the dedicated SNS Online site for this purpose (<u>https://www.itu.int/sns/notification.html</u>) to ensure the most up to date information is used to create the Notification notice.

ating First Notification Wizard		
1 > Specify Provision Type	2 > Retrieve Notice For First Notif.	3 > Create New Database
Selected Provision : Subject to Coordination under Current DB : C:\USERS\EVRARD\ITU\BR_SPA	er Sect.II of Article 9 - 11.32 CE_V9.0\NEWDB.MDB	
Retrieve a Coordination Request(CR) notice to cr	eate the first notification: Filter: Select database	×
	Please select the latest SRS database or do Coordination Request database from the o this purpose (https://www.itu.int/sns/notif most up to date information is used to crea	wnload the space station's ledicated SNS online site for fication.html) to ensure the ate the Notification notice.
 🔽 Do not i		OK Cancel
	< Previous	Next >

Select in the list the coordination notice from which you wish to create a notification.

By default, the option "Do not include groups with No 11.31 unfavourable findings" is checked so that the wizard will not retrieve groups that received No.11.31 unfavourable finding in the coordination notice. Uncheck this option if you wish to include all groups from the coordination notice to create the notification notice.

reating First Notification Wizard
1 > Specify Provision Type 2 > Retrieve Notice For First Notif. 3 > Create New Database
Selected Provision : Subject to Coordination under Sect.II of Article 9 - 11.32
Current DB : C:\workspace\data\notification\ific2880_v9.mdb
Select different database
Retrieve a Coordination Request(CR) notice to create the first notification: Filter: 117520280
117520280 - INMARSAT-7-3E
Do not include groups with No. 11.31 unfavourable findings
< Previous Next >

Click the "Next >" button to proceed to the next step.

Choose the location where you want to create and save the notification notice database by clicking on the button "Select Target Path for First Notification DB".
