

# Live Demo

## *Experience Live Software-defined RAN slicing*

**Navid Nikaein**

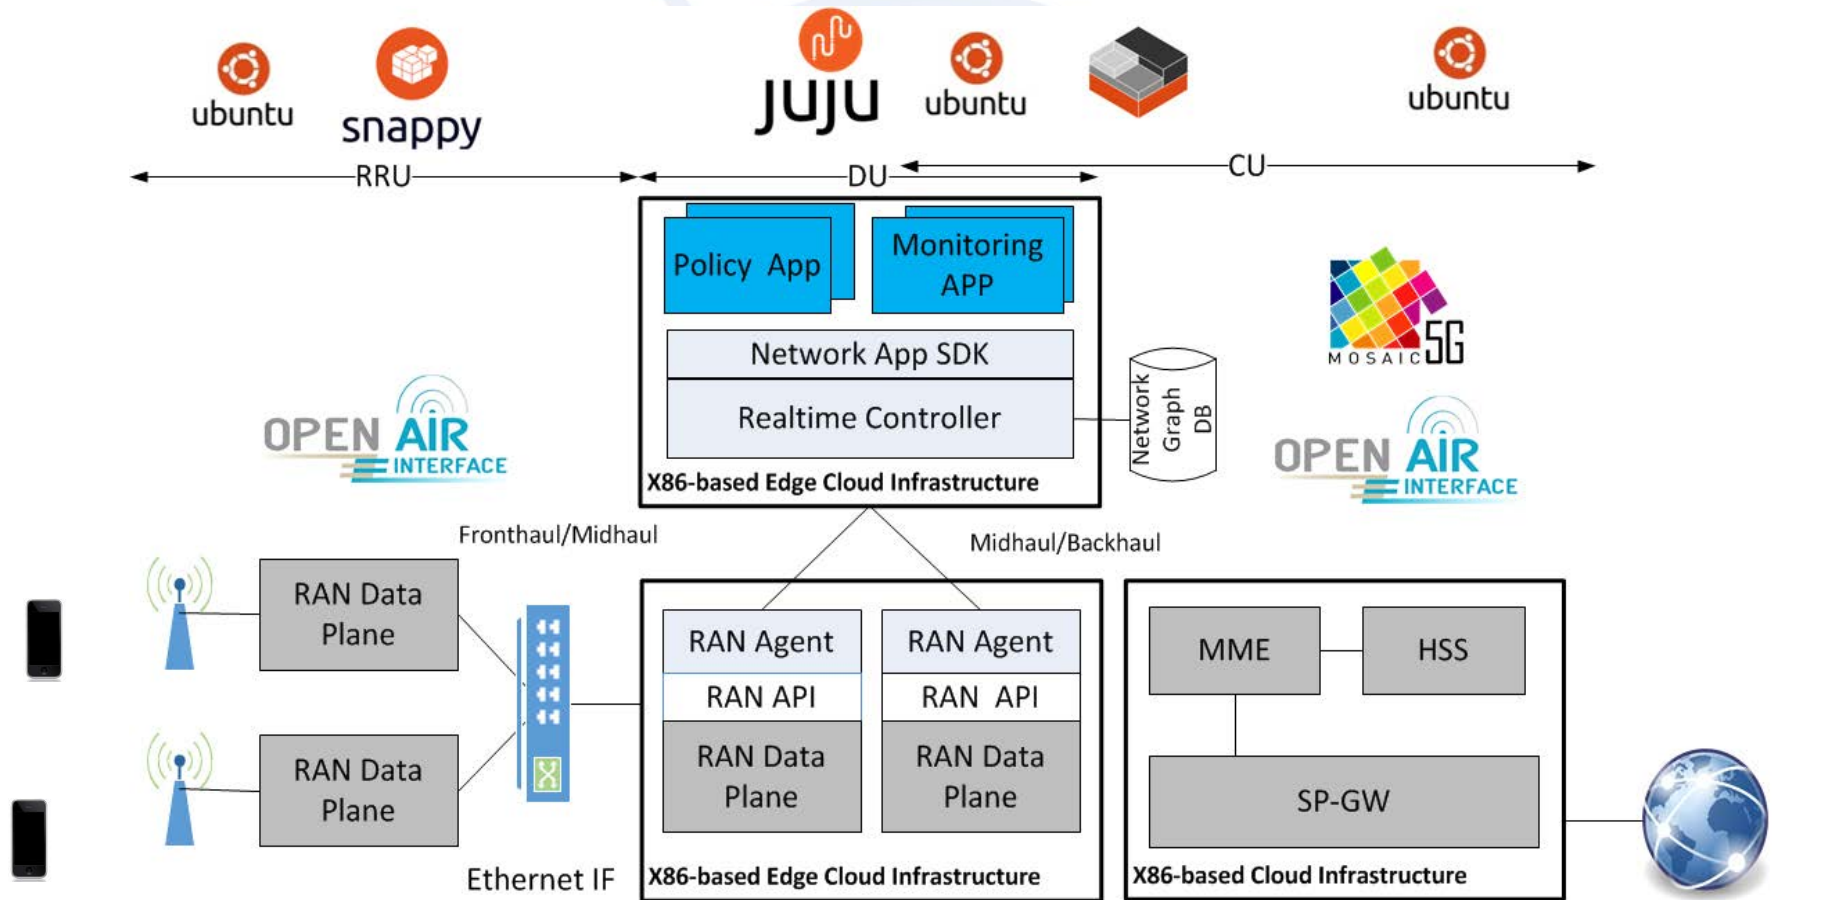

**Communication System, Eurecom**

ITU Workshop, 11<sup>th</sup> July 2017

# Demo Today:

*Experience Live Software-defined RAN slicing*

# Demo Today:

## *Experience Live Software-defined RAN slicing*

- RAN Functional split
- Separation of Control and data plane in RAN
- Hierarchical Realtime controller
  - RAN agent and APIs
- Network graph data base
- Network application SDK
- Network applications
  - Monitoring APP
  - Radio resource management app to enforce RAN slicing policy
