

François Coallier is professor at the Department of Software and IT Engineering at the École de technologie supérieure (ÉTS), one of Canada's leading engineering school, affiliated to the Université du Québec network. He was CIO of ÉTS between 2010 and 2016 and the founding chair of ÉTS' Department of Software and IT Engineering from its creation in 2004 till 2010. He has nearly twenty-two years of industrial experience in one of Canada's largest companies, where he held various engineering and managerial positions in engineering, quality engineering, IT procurement, IT infrastructure deployment and operation and IT Enterprise Architecture Management.

Dr. Coallier has been continuously involved in software and systems engineering standards development since 1984, being the international Chair of the Joint ISO and IEC subcommittee responsible for the elaboration of standards for Internet of Things and related areas (ISO/IEC JTC1/SC41) since its creation in 2016. He was also the chair of SC7, Software and Systems Engineering, from 1997 to 2017, and its Secretary from 1993 to 1997. He held also the convenership of the ISO/IEC JTC 1 Special Working Group for Technology Watch on international IT standardization from 2002 to 2007.

François Coallier has a B.Sc. in Environmental Biology from McGill University, a B. Eng. in Engineering Physics and an M.A.Sc. and Ph.D. in Electrical Engineering from Montréal's École Polytechnique.
