

**Fifth SG13 Regional Workshop for Africa on  
"ITU-T Standardization Work on Future Networks: Towards a Better Future for Africa"  
(Cairo, Egypt, 2-3 April 2017)**

**Dr. Rim Belhassine-Cherif**

**Presentation N°1: "Introduction to the workshop objectives, agenda, and participants"**

This presentation will introduce the context and objectives of the 5<sup>th</sup> SG13 Regional Workshop for Africa and present its agenda for the two days, including details on the six sessions and the panel discussion (topics, moderators, speakers/panelists, etc.).

**Presentation N°2: "Overview on Cloud Computing scenarios in Developing Countries"**

This presentation will give an overview on the results of the two questionnaires on "*Cloud Computing scenarios in Developing Countries*", which were disseminated by Study Group 13 and which were addressed to Cloud Services Customers (CSCs) and Cloud Services Providers (CSPs) from developing countries in the objective to collect data which will help in the development of a supplement on "Scenarios and Requirements Regarding Consumption and Provision of Cloud Computing Services in Developing Countries". In addition, this presentation will aim to encourage the workshop's participants, from the developing countries, to contribute in the development of the supplement by submitting contributions to Q5/13 including data on their experiences as CSCs or CSPs and on the status of Cloud services adoption in their countries.
