- Lead Digital Rights & Ethics | City of Amsterdam

Cities Coalition for Digital Rights

Local action & community

Cities united in principled action

Global Advocacy

Why cities?

Cities are frequently the closest democratic institutions to communities and are dealing with growing consequences when it comes to digital rights violations.

01.
Universal and equal access to the internet, and digital literacy

02.
Privacy, data protection and security

03.
Transparency, accountability, and non-discrimination of data, content and algorithms

04.
Participatory Democracy, diversity and inclusion

05.
Open and ethical digital service standards

From smart cities to people-centered cities

- **Good Technology**

  Systemically upholding patterns of dignity, equality, freedom, justice

  - **Good society**

    Contributing to the public good, well-being and inclusion in local communities

Digital Rights Governance

Digital Rights Governance Framework

Foundations
establish commitment

Structures
safeguard in processes

⚙️ **Chief data officer, Chief technology officer, Chief Innovation officer**
