Minds

# FIWARE – Open Source and Open Standards for Digital Twins in Smart Cities

ITU Webinar, 08.09.2021

Ulrich Ahle

CEO FIWARE Foundation

[ulrich.ahle@fiware.org](mailto:ulrich.ahle@fiware.org)

The new Digital Life will gravitate around Digital Twin / Context Information describing **What** is going on, **Where**, **When** and **Why**

# Today data are very often organized in silos

Smart  
Port

Smart  
Retail

Smart  
Home

Smart  
Transport

Smart  
Lighting

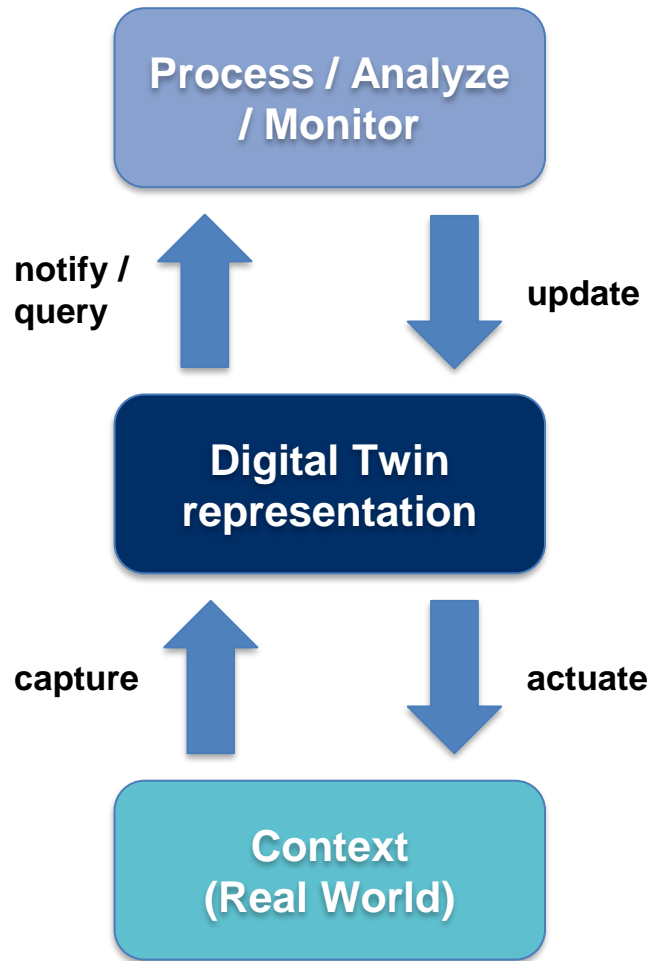

Smart  
Energy

Smart  
Water

Smart  
City

# Modeling Context using Digital Twins

**Shop**

- Location
- Business name
- Franchise
- offerings

**Bus**

- Location
- No. passengers
- Driver
- License plate

**Entities (Digital Twins)**

**Citizen**

- Birthday
- Preferences
- Location
- ToDo list

**Incident / claim**

- Date
- Location
- Type
- Issuer
- Description

**Attribute**

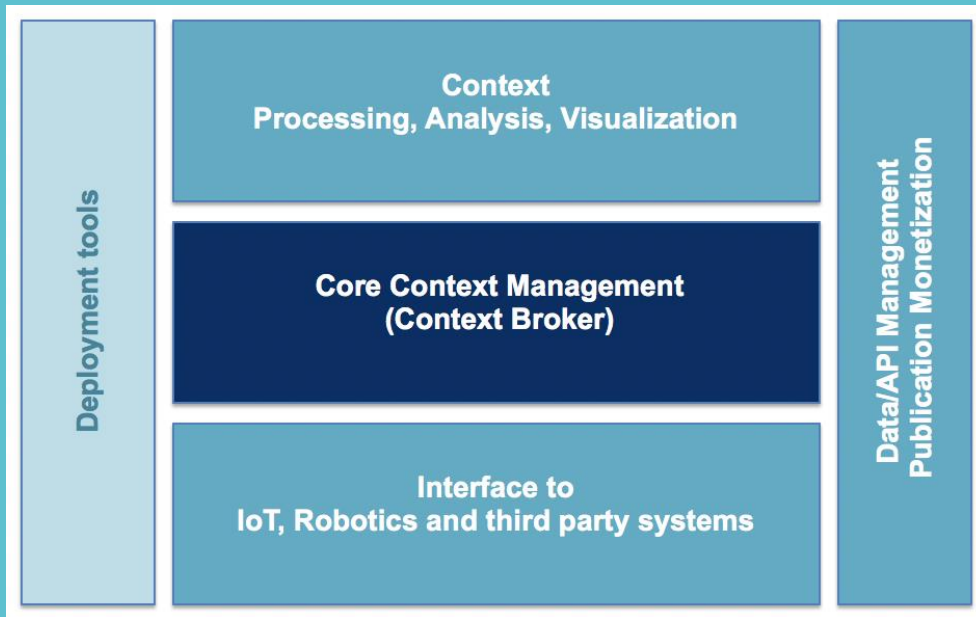

This is FIWARE!

- A framework of open source platform components to access and manage heterogeneous context information through open APIs

- A standard for exchange of context information: **FIWARE-NGSI** (Next Generation Service Interface)

- Generic Enablers and Solutions to provide Smart Services with the **FIWARE Context Broker** as main component

# FIWARE: Standardization on a global scale

## FIWARE Context Broker

Technology has been chosen as a new CEF (Connecting Europe Facility) Building Block by all European member states.

## Existing CEF Building Blocks so far:

- eDelivery
- eInvoicing
- eID
- eSignature
- eTranslation.

## Joint Collaboration Program: Front-runner Smart Cities

- to support the adoption of a reference architecture and compatible **common data models**
- Using FIWARE NGSI and TM Forum Open APIs
- Smart City Common Data Models will be public and royalty-free
- Initial cities: Vienna, Nice, Genoa, Utrecht, Porto, Santander, Valencia, Gothenburg, La Plata, Montevideo

ETSI published on January 24th, 2019 “**NGSI-LD**” the new Context Information Management Standard API. The rationale is to reinforce the fact that this specification leverages on the ... **FIWARE NGSIv2** to incorporate the latest advances from Linked Data.

# FIWARE: supporting cities in their digital transformation

## Exploiting Data across verticals

- Breaking information silos through shared context data space with standard API
- Enabling Overall City-level Governance Solutions

## Collaborating towards a sustainable market

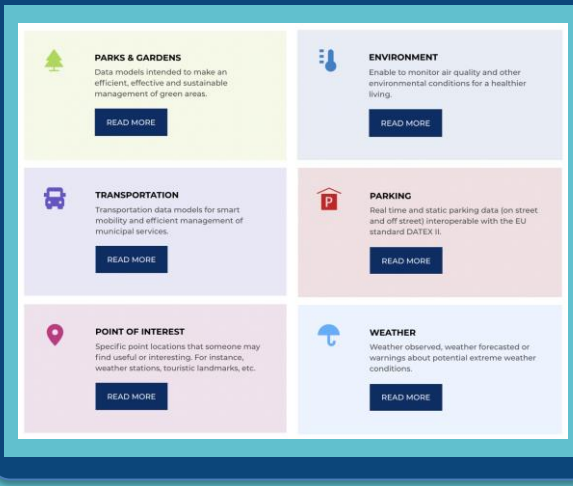

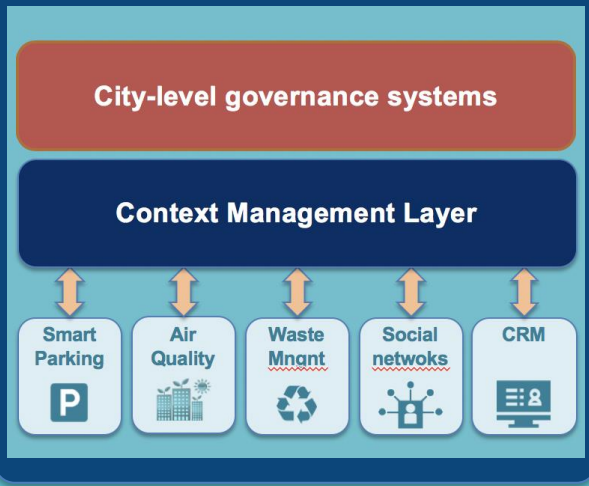

- Common Info Models
- Full interoperability between cities and within the city
- Enabling portability of solutions across cities

## Supporting Open Innovation

- Right-time context info published as open data to third parties
- Authorization and access control (API management)

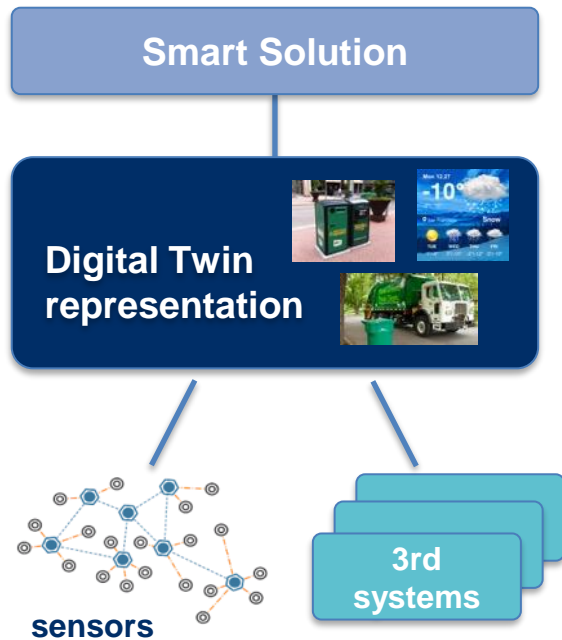

## Enabling the Data Economy

- City as a platform including also 3<sup>rd</sup> party data enabling innovative business models
- Open and commercial data enabling multi-side markets

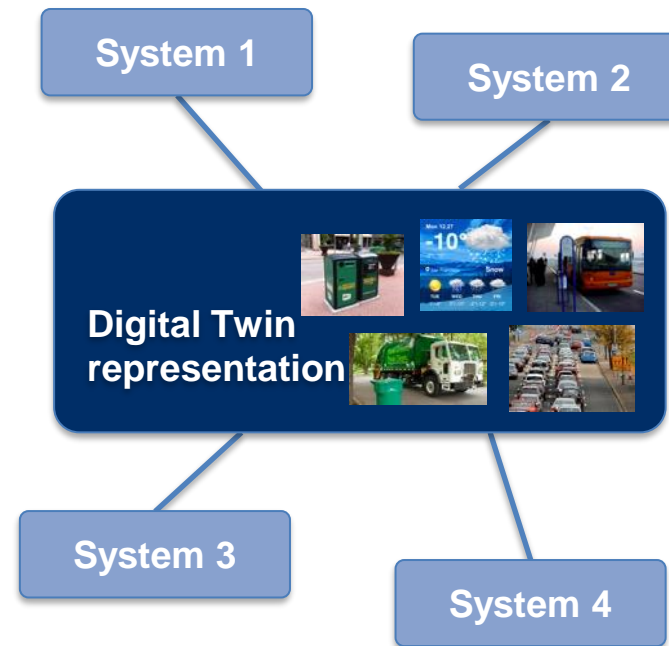

# Digital Twins: an approach for integration at multiple levels

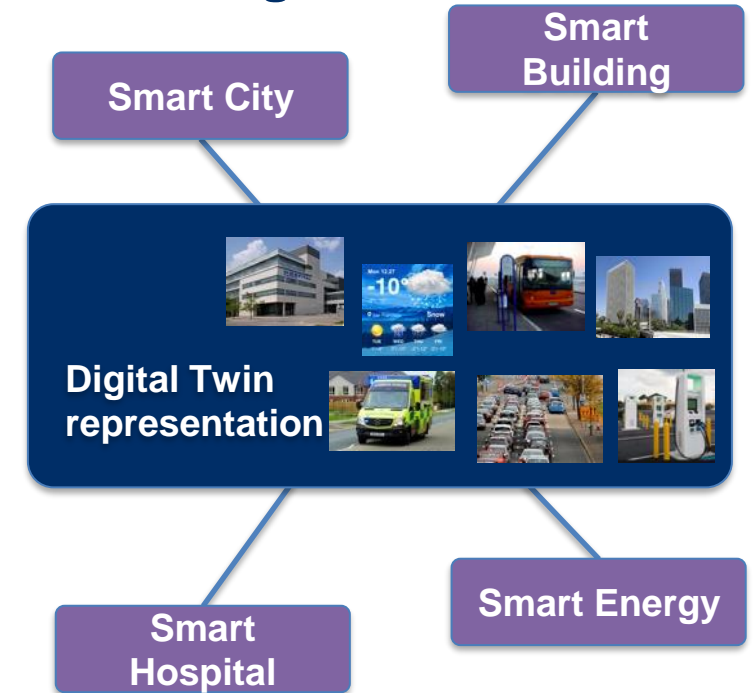

## Architecting Smart Solutions

## Integrating systems and data within organizations (System-of-Systems)

## Sharing Data across organizations

Shri Hardeep S Puri  
Minister of State (I/C)-Housing  
and Urban Affairs

Shri Durga Shanker Mishra  
Secretary, Ministry of Housing  
and Urban Affairs

Shri Ravi Shankar Prasad  
Minister of Electronics &  
Information Technology

Shri Ajay Prakash Sawhney  
Secretary, Ministry of  
Electronics and Information  
Technology
