RevCom in a nutshell

The ITU-T Review Committee (RevCom) was established by WTSA Resolution 82 (Dubai, 2012)

The core objective of RevCom was reviewing the structure and working methods of ITU-T, ensuring that it meets the standardization needs of an evolving business environment

Summary of RevCom work

Survey on ITU-T restructuring and collaboration

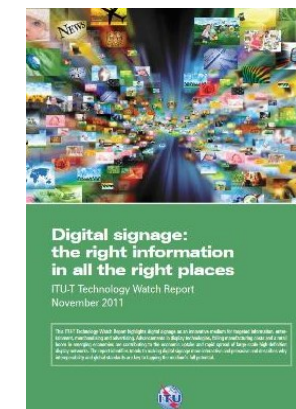

Monitoring of standardization -related activities

Review of ITU-T cooperation and collaborations mechanisms

Outcomes of CxO meetings

Assessment of Technology Watch Reports

Summary of RevCom work

ITU-T SG restructuring

Guidelines for efficient transfer of focus-group deliverables to its parent group

Creation of a standardization strategy function

Creation of a "vertical" study group

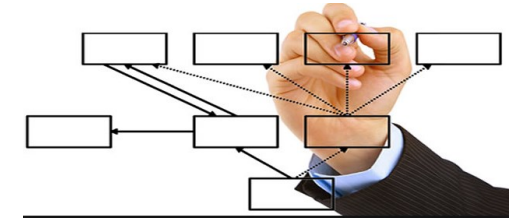

StudyGroup

RevCom recommendations

Review of SG statistics at each TSAG meeting

Adoption of high-level principles for ITU-T restructuring

Adoption of guidelines for efficient transfer of focus-group deliverables to parent groups

SG20

Proposals to WTSA-16

**Continue monitoring
ITU-T SG activities by
TSAG**

**Apply the restructuring
principles adopted by
TSAG in WTSA-16**

**Continue using the
outcomes of
CxO Group meetings/
Technology Watch**

**Continuation of review of
current
cooperation/collaboration
mechanisms and groups
by TSAG**

**Suppress WTSA
Resolution 82 at
WTSA-16; TSAG to
continue the review
functions**

**Continue review functions
by TSAG via its various
Rapporteur Groups such
as Standardization
Strategy**

Thank you!
