

H.E. Bagdat Mussin

Minister of Digital Development, Innovation and Aerospace Industry, Kazakhstan

Bagdat Mussin was appointed as the Minister of Digital Development, Innovations, and Aerospace Industry in September 2020. Before that, he worked as an Advisor to the President of the Republic of Kazakhstan on digitalization and innovative technologies. Prior to his appointment, B. Mussin worked in private sector, serving as the Chairman of various corporations and founding IT startups as an IT entrepreneur. His life and career have been associated with the implementation of numerous projects within the framework of the digitalization of Kazakhstan, including the transition of services to the online format.

Apart from his primary career, he holds the position of President of the Sports Programming Federation of the Republic of Kazakhstan and is a Member of the Board of Trustees at Nazarbayev University. Since 2020, B. Mussin has been a member of the Commission on Digitalization under the President of the Republic of Kazakhstan. Within the Autonomous Cluster Fund "Park of Innovative Technologies," he is a member of the Management Committee and the Board of Trustees of the Fund.
