

### METEO - Stations transmitting regular meteorological bulletins

**BM1** Weather messages for shipping.

**BM2** Meteorological messages in plain language are transmitted daily by Rangoon Radio, at 0915 and 1715 h. During disturbed or stormy weather, additional meteorological messages are transmitted, at one or more of the other times specified in column 5 of the particulars. These transmissions are preceded by the safety signal (TTT). Navigational warnings, if any, follow the meteorological messages.

Other additional weather bulletins are transmitted at any time, on receipt, if the observations received between the two consecutive routine transmissions indicate an unexpected development of a cyclonic storm.

**BM3** Throughout the year.

### NOTICE NAV - Stations transmitting notices to navigators

**NA1** Weather messages for shipping.

**NA2** Meteorological messages in plain language are transmitted daily by Rangoon Radio, at 0915 and 1715 h. During disturbed or stormy weather, additional meteorological messages are transmitted, at one or more of the other times specified in column 5 of the particulars. These transmissions are preceded by the safety signal (TTT). Navigational warnings, if any, follow the meteorological messages.

Other additional weather bulletins are transmitted at any time, on receipt, if the observations received between the two consecutive routine transmissions indicate an unexpected development of a cyclonic storm.

**NA3** Throughout the year.
