Ref.: 10-Year Country Reports

Dear Dr. Touré,

With reference to the letter dated 30 August 2013, encouraging all Member States to submit 10-Year Country Reports on Implementation of the WSIS Outcomes, I am pleased to inform you that Uruguay is actively supporting the WSIS+10 process.

We have already contributed with the Targets Questionnaire, the Project Prizes 2014, the Form #1 (Phase I), the first physical meeting (Phase II) and we are currently participating at the second physical meeting (Phase III).

In accordance with the deadlines established, please find enclosed Uruguay's 10-Year Country Report based on the template that was provided. Moreover, I am sending you in attachment the complete English version of the *Digital Agenda for Uruguay 2011-2015*.

I hope this information will become useful for the WSIS team and I look forward to have the opportunity to release the final version of the Report during the WSIS+10 High-Level Event for sharing experiences with all WSIS stakeholders, as mentioned on your letter.

Please accept the assurances of my highest consideration.

Yours faithfully,
