Subject: Implementation of Resolution 40, World Telecommunication Development Conference (WTDC-10), on the Group on Capacity Building Initiatives (GCBI)

Dear Sir/Madam,

I am pleased to inform you that pursuant to Resolution 40 of WTDC-10, instructing the Director of the Telecommunications Development Bureau to:

“establish a Group on Human Capacity Building Initiatives (GCBI) composed of capacity building experts, familiar with the needs of their regions, to enhance the ability of ITU Members to assist ITU-D and to contribute to the successful implementation of its capacity building activities in an integrated manner...”, as a first step, I invited all regional telecommunications organizations to assist with the identification and nomination of experts to the GCBI. The outcome of this process was presented to the last TDAG meeting (reference: Document 3 of TDAG 2011). For ease of reference I have attached Annex 1 which contains 10 nominations submitted by 5 regions.

The purpose of this letter is to seek your consideration on the said nominations so that the group could be duly constituted and commence their work. I would be grateful if your comments could reach me by 15 March 2012. If I do not receive comments by the deadline, I will then assume that the candidates submitted would have been endorsed except for Europe who are still consulting.

I thank you in advance for your cooperation.

Yours faithfully,

[Original signed]

Brahima Sanou
Director

Annex: List of nominations from the regions

Group on Capacity Building Initiatives
