Subject: **ITU Centres of Excellence Workshop on "Spectrum Management – Digital Migration, Digital Dividend" for English speaking countries in Africa, Kigali, Rwanda, 25 - 29 July 2011**

Dear Sir/Madam,

On behalf of the International Telecommunication Union (ITU), we would like to invite your organization to participate in a workshop on **"Spectrum Management - Digital Migration, Digital Dividend"** for English speaking countries in Africa, to be held in Kigali, Rwanda, from 25 to 29 July 2011. The workshop will be hosted by Kigali Institute for Sciences and Technologies (KIST).

This workshop is part of the capacity building partnership entered into between the ITU and KIST for the delivery of training programmes under the aegis of the Centres of Excellence network for Africa.

The workshop will explore challenges in the development of wireless communications, RF spectrum management, in particular, broadcasting and television. It will focus on emerging trends in regulatory frameworks, and the digital migration and digital dividend.

The workshop is targeted at spectrum management engineers and other staff dealing with spectrum management issues at the technical, regulatory and policy levels. It will provide a platform for learning among Government decision makers, Regulators and Broadcasting Agencies having oversight responsibilities for the development of RF spectrum management, particularly as regards the digital migration and digital dividend.

The workshop will also include case studies which will help participants apply the concepts mastered in individual modules, to real-life scenarios. The following topics will be covered:

- Spectrum Management
- Spectrum Planning
- Digital Migration
- Digital dividend
- Spectrum Management and country Experiences

If you wish to participate in this workshop, please complete the attached Registration Form (Annex 1) and return it, no later than **8 July 2011**, by fax or e-mail to the contact persons indicated on the form with a copy to diadie.toure@itu.int.

Additional information on this workshop, including the programme of the workshop as well as an information note for participants, can be found on the ITU Academy portal at: <http://academy.itu.int/index.php/events>.

We look forward to your active participation and invaluable contribution.

Yours faithfully,

[Original signed]

Brahima Sanou
Director
