Subject: **ITU World Telecommunication Regulatory Survey 2013**

Dear Sir/Madam,

We are pleased to announce that the annual *Telecommunication Regulatory Survey 2013* conducted by the Telecommunication Development Bureau (BDT) of the International Telecommunication Union (ITU) is now available for completion by your Organization on ITU's online "ICTeye portal" at: www.itu.int/itu-d/icteye/.

The information gathered through this annual regulatory survey allows us to keep regulatory data, and telecommunication development information of national telecommunication/ICT services available on the ICTeye up-to-date. This year, new sections on wireless, mobile broadband and spectrum management have been added to the survey. We would like to thank your Administration for its continued collaboration in this data collection process and for keeping us informed of the latest changes occurring in your country.

To ensure confidentiality and security, the online survey is password-protected. A message will be sent automatically to the registered Contact Person in our database for this survey with the login information. Should you have any questions or would like to request the password, please feel free to contact Mr Raoul Joshi at treg@itu.int, phone number +41 22 730 6304.

We kindly request that your Organization complete the questionnaire **no later than 14 June 2013** at: www.itu.int/ITU-D/icteye/Login.aspx. Your prompt response would be much appreciated.

Yours faithfully,

[Original signed]
