Subject: **ITU Centres of Excellence Network for Europe - eLearning course on “4G Mobile and Future Internet”, 19 November – 16 December 2013**

Dear Sir/Madam,

On behalf of the International Telecommunication Union (ITU), I would like to invite your organization to participate in an eLearning course on **“4G Mobile and Future Internet”**, to be conducted from **19 November to 16 December 2013**. This course has been developed by the Faculty of Electrical Engineering and Information Technologies, Ss. Cyril and Methodius University in Skopje, FYR of Macedonia, under the aegis of the ITU Centres of Excellence Network for Europe.

This course is targeted at managers, engineers and employees from regulators, government organizations, telecommunication companies and academia, who are interested in the development, implementation and regulation of 4G Mobile and Future Internet, from technology, regulation and business aspects. Other institutions and individuals dedicated in building their human capacity related to this subject are also welcome to participate.

I cordially invite your organization to nominate candidates to participate in this course. The objectives, the methodology and the expected profile of participants are described in the document entitled “Course Description” which can be downloaded from the ITU Academy Portal at the following link <http://academy.itu.int/index.php/component/k2/item/1146>. Please note that this course will be conducted in English and will be delivered through the ITU Academy.

Registration should be made online at the aforementioned link no later than **18 November 2013**. An enrolment key, compulsory for completing the online registration, is provided in the “Course Description”.

Mr. Jaroslaw Ponder (Jaroslaw.ponder@itu.int), Project Coordinator for the Centres of Excellence for Europe and Prof. Dr. Toni Janevski (tonij@feit.ukim.edu.mk), FEEIT, Skopje, are at your full disposal should you require any further information.

I hope that this training opportunity will contribute to the development of 4G Mobile and Future

Internet in your country.

Should you need any further information, please do not hesitate to contact us.

Yours faithfully,
