

Stephen Hayes

Received his B.S. from Texas Christian University in 1977 and his M.S for the University of Texas at Dallas in 1980. He has worked extensively in the area of network management and mobility management, including chairing various technical working groups dealing with PCS OAM&P and PCS-1900 MAP. He is a principal engineer at Ericsson and is active within the IEEE, serving as guest editor of IEEE communications and authoring various articles. He has served as the vice-chair of T1P1. Within the 3GPP is the chair of 3GPP TSG-CN and is a member of the IPv6 Technical Directorate. He is the coordinator between 3GPP and the IETF and co-chaired the recent IP CN Harmonization workshop.
