

Gregor v. Bochmann

Is professor at the School of Information Technology and Engineering at the University of Ottawa since January 1998. Previously he was professor at the University of Montreal for 25 years. He is a fellow of the IEEE and ACM and a member of the Royal Society of Canada. He has worked in the area of programming languages, compiler design, communication protocols, and software engineering and has published many papers in these areas. He has also been actively involved in the standardization of formal description techniques for communication protocols and services. His present work is aimed at methodologies for the design, implementation and testing of communication protocols and distributed systems. Ongoing projects include distributed systems management and quality of service negotiation for distributed multimedia applications.
