

CHAPTER ONE: INTRODUCTION.....	12
1.1 The WSIS Commitment.....	13
1.2 Measuring the Information Society.....	13
1.3 Towards a single composite index of ICT development.....	14
1.3.1 WSIS-endorsed composite indices.....	14
1.3.2 Other composite indices.....	17
1.4 Conclusions: Structure of the report.....	17
CHAPTER TWO: BRIDGING THE DIGITAL DIVIDE.....	20
2.1 Measuring the divide: Quantity or quality?.....	21
2.1.1 Penetration rates by development status.....	21
2.1.2 Penetration rates by income.....	23
2.1.3 Measures of inequality.....	25
2.2 Connectivity.....	25
2.3 Affordability.....	30
2.4 Sector Reform.....	30
2.5 Conclusions.....	32
CHAPTER THREE: THE DIGITAL OPPORTUNITY INDEX (DOI).....	34
3.1 Using the Digital Opportunity Index (DOI).....	35
3.2 Structure of the DOI.....	35
3.3 Digital Opportunity around the world.....	40
3.3.1 Economies with High DOI scores (0.49+) – Surge in High-Speed Access.....	40
3.3.2 Economies with Medium DOI scores (0.30-0.49) – Rounded growth.....	42
3.3.3 Economies with Low DOI scores (0.30 and less) – Mainly mobile.....	43
3.4 Growth in Digital Opportunity over time.....	46
3.5 Key Trends in the Information Society.....	48
3.5.1 Cutting the cord.....	48
3.5.2 Getting connected to the Internet.....	49
3.5.3 The death of dial-up?.....	51
3.5.4 Growth in 3G mobile.....	52
3.6 Conclusions.....	53
CHAPTER FOUR: ICT GROWTH STRATEGIES.....	56
4.1 Introduction: Strategies that work.....	57
4.2 What role for government?.....	58
4.2.1 Republic of Korea: The government’s role in broadband deployment.....	58
4.2.2 Estonia: Leaping Tiger.....	59
4.3 Market liberalization and competition.....	60
4.3.1 Vietnam: Sector reform by a different model.....	61
4.4 Privatization of incumbent operators.....	62
4.5 Reform of the regulatory environment.....	64
4.5.1 Nigeria: Unified licenses for the future.....	66
4.5.2 Guatemala: Spectrum innovator.....	69
4.6 Infrastructure development.....	70
4.6.1 Tunisia of Tomorrow.....	70
4.6.2 Netherlands: Broadband heaven.....	71
4.6.3 Pakistan: Mobile-driven growth.....	72
4.7 Attracting investment.....	73
4.7.1 Foreign Direct Investment (FDI).....	74
4.7.2 Tax incentives.....	76
4.8 Innovation-driven and human capacity-building strategies.....	77
4.8.1 Singapore: Innovation, Integration and Internationalization.....	77
4.9 Conclusions.....	78

CHAPTER FIVE: CHALLENGES TO BUILDING A SAFE AND SECURE INFORMATION SOCIETY.....	82
5.1 Introduction: Building Confidence and Security in the Use of ICTs.....	83
5.2 The Changing cyber-threat environment.....	84
5.2.1 From nuisances to real threats.....	84
5.2.2 Spam and how the threat from spam is changing in nature.....	84
5.2.3 Constantly evolving cyber-threats.....	87
5.2.4 Identity theft and the Internet.....	91
5.3 Towards an International Roadmap for Cybersecurity.....	91
5.3.1 Taking action against spam and related threats.....	91
5.3.2 Moving Forward on a possible roadmap for cybersecurity.....	93
5.3.3 Roles of the different stakeholders in cybersecurity.....	94
5.3.4 Information-sharing - a common need.....	95
5.3.5 Cybersecurity and developing economies and countries in transition.....	95
5.4 WSIS Action Line C5: Building confidence and security in the use of ICTs.....	96
5.4.1 Action Line C5 Facilitation and Partnerships for Global Cybersecurity.....	96
5.5 Conclusion – Towards a Safer Information Society.....	97
5.5.1 Is the Information Society really at risk?.....	97
5.5.2 How can we build a safe and secure Information Society?.....	98
CHAPTER SIX: IMPLEMENTING WSIS OUTCOMES.....	102
6.1 Halfway towards the WSIS goals.....	103
6.1.1 A comprehensive implementation plan.....	103
6.1.2 WSIS stocktaking.....	103
6.1.3 Multi-stakeholder implementation.....	105
6.2 Digital Opportunity.....	105
6.2.1 Accessibility.....	105
6.2.2 Affordability.....	107
6.3 Infrastructure.....	109
6.3.1 Fixed lines.....	110
6.3.2 Mobile communications.....	110
6.3.3 Broadband.....	110
6.3.4 Wireless communications.....	111
6.4 Utilization.....	112
6.4.1 Education.....	112
6.4.2 Telemedicine.....	114
6.4.3 Building technical capabilities for economic development.....	116
6.4.4 Youth.....	116
6.5 Conclusions.....	117
CHAPTER SEVEN: THE ICT OPPORTUNITY INDEX (ICT-OI)*.....	118
7.1 Background of the ICT Opportunity Index.....	119
7.2 ICT Opportunity Index.....	120
7.2.1 Conceptual framework of the ICT Opportunity Index.....	120
7.2.2 Applying the conceptual model: the indicators.....	121
7.2.3 Quality of data.....	122
7.2.4 Reference year and reference country.....	124
7.2.5 Methodological details.....	124
7.3 Results of the 2007 ICT Opportunity Index.....	126
7.3.1 2007 ICT-OI groupings.....	126
7.3.2 ICT Opportunity progress and discrepancies.....	129
7.3.3 ICT Opportunity Index growth rates: evolution over time.....	130
7.3.4 Tracking the digital divide.....	132
7.3.5 WSIS groupings.....	133
7.4 Conclusions.....	136
CHAPTER EIGHT: CONCLUSIONS.....	144
ANNEX: INFORMATION SOCIETY STATISTICS.....	147

* Chapter 7 is based on an extract from ITU's publication "Measuring the Information Society 2007", which was published in February 2007. Please note that the ICT Opportunity Index is an ITU index that was developed concurrently with the Digital Opportunity Platform.

LIST OF BOXES

Box 1.1: The Digital Opportunity Platform and its work.....	14
Box 1.2: The Partnership on Measuring ICT for Development.....	15
Box 2.1: Rwanda: ICT4D	29
Box 2.2: Jamaica: Setting an example for the Caribbean.....	31
Box 3.1: Senegal – Reaping the Rewards of Early Reforms.....	43
Box 3.2: Morocco – An African Success Story.....	47
Box 4.1: National e-strategies in the WSIS Geneva Plan of Action.....	57
Box 4.2: Privatization and FDI in the Moroccan telecom sector.....	65
Box 4.3: Licensing regimes	67
Box 4.4: The Government of India seeks to expand its USO fund to improve rural infrastructure.....	70
Box 4.5: Greenfield investment.....	74
Box 5.1: Threats in cyberspace.....	86
Box 5.2: What is malware and what can it do to your PC?.....	88
Box 5.3: The cybercrime ecosystem – spyware, viruses and spam.....	90
Box 6.1: World Information Society Day Awards.....	106
Box 6.2: Supporting the work of telecentres.....	107
Box 6.3: Senegal’s success in promoting telecentres to meet its WSIS commitments.....	108
Box 6.4: Multilingualism – or lack of it – in accessing the Internet.....	109
Box 6.5: Rural Telecommunication Development Funds (RTDFs).....	111
Box 6.6: Teaching the Teachers.....	112
Box 6.7: Initiatives in higher education and research.....	113
Box 6.8: Geographical Mapping of Malaria in Africa.....	114
Box 6.9: ICTs in the fight against HIV/AIDS.....	114
Box 6.10: Information over Technology in e-Agriculture.....	115

LIST OF BOX FIGURES & TABLES

Box Table 1.1: Partnership for measuring ICT for Development core list of ICT indicators, April 2007	15
Box Figure 2.1: The dual focus of Rwanda’s ICT Plan.....	29
Box Figure 2.2: Mobile penetration and market liberalization phases, Jamaica.....	31
Box Figure 3.1: Evolution in the speed of Internet access in Morocco.....	47
Box Figure 4.2: Receipts by the Moroccan Government from FDI in the telecom sector, 1999-2007.....	65
Box Table 4.5: Selected greenfield telecommunication investments, 2005.....	74
Box Figure 6.3: Telecentres in Senegal, 1992 - 2006.....	108

LIST OF TABLES

Table 1.1: The Digital Opportunity Index (DOI) and the ICT Opportunity Index (ICT-OI).....	16
Table 1.2: WSIS action lines, themes and their focal points.....	18
Table 2.1: Distribution of population and GDP by income group.....	24
Table 2.2: ICT affordability by income group of economies, 2006.....	28
Table 3.1: Africa’s mobile strategic investors.....	45
Table 3.2: Top Ten Gainers in the Digital Opportunity Index, 2004-2006.....	46
Table 4.1: Privatization transactions of incumbent operators in developing countries, 05/06.....	64
Table 4.2: ICT indicators for North Africa, 2005.....	71
Table 4.3: Investment Tax Incentives in Selected Developing Countries.....	76
Table 4.4: The age divide in Singapore.....	77
Table 7.1: ICT Opportunity Index: a total of 10 indicators.....	123
Table 7.2: ICT Opportunity Index 2001-2005 values and 2005 Ranking.....	127
Table 7.3: The Digital Divide over time.....	132
Table 7.4: LDCs in the ICT-OI.....	133
Table 7.5: Countries ranked low in the ICT-OI and their status with regards to special needs.....	135
Table 7.6: ICT Opportunities, income levels and population density.....	136

LIST OF FIGURES

Figure 2.1: The digital divide: Shrinking for most technologies, but growing in others.....	22
Figure 2.2: What a difference a year makes in the Internet economy.....	23
Figure 2.3: Distribution of major ICTs by income group of economies.....	24
Figure 2.4: Narrowing of the digital divide in Internet usage, 1997-2005.....	25
Figure 2.5: Gini coefficients for ICT services.....	26
Figure 2.6: Broadband inequality ... and its cause.....	26
Figure 2.7: Bandwidth scarcity and its consequences in Africa.....	27
Figure 2.8: Relationship between Internet user penetration and GNI per capita, 2005.....	28
Figure 3.1a-d: Digital Opportunity Index 2005/06.....	40
Figure 3.1e: Structure of the Digital Opportunity Index.....	40
Figure 3.2: Digital Opportunity by income grouping.....	41
Figure 3.3: Digital Opportunity worldwide.....	41
Figure 3.4: The New Substitution.....	42
Figure 3.5: The Mobile Information Society in Africa.....	44
Figure 3.6: Abandoning fixed lines.....	48
Figure 3.7: Household Internet Access.....	49
Figure 3.8: Internet access, at home and elsewhere, in Mexico.....	50
Figure 3.9: Growth of broadband.....	50
Figure 3.10: Ratio of broadband to total Internet subscribers, Hong Kong, SAR.....	51
Figure 3.11: Expansion of mobile broadband and 3G mobile.....	52
Figure 4.1: The Korean Government's approach to public/private cooperation for ICT sector promotion.....	58
Figure 4.2: Selected Information Society indicators, Estonia, 2005.....	60
Figure 4.3: Competition in basic services and cellular mobile markets worldwide.....	61
Figure 4.4: Per capita income and total teledensity in Vietnam, 1997-2005.....	62
Figure 4.5: Number and value of privatizations of incumbent public telecommunication operators in developing countries, 1990-2006.....	63
Figure 4.6: Number of economies with a national telecommunication regulatory agency, 1990-2006.....	66
Figure 4.7: Mobile coverage and penetration, Nigeria.....	68
Figure 4.8: Mobile subscribers per 100 inhabitants, Central America.....	69
Figure 4.9: Mobile tariffs as a proportion of per capita income, Pakistan, 2000-2006.....	72
Figure 4.10: Telecommunication FDI in developing countries, 1990-2003.....	73
Figure 4.11: Foreign Direct Investment in India's computer services sector.....	75
Figure 5.1: Forecast evolution of the nature of threats in cyberspace.....	85
Figure 5.2: Viruses - How worried are you?.....	87
Figure 5.3: Cyber attacks on firms in Brazil and action taken.....	89
Figure 6.1: Regional Plan for the Information Society in Latin America and the Caribbean (eLAC2007).....	104
Figure 6.2: WSIS stocktaking activities.....	105
Figure 7.1: The ICT-OI conceptual framework, which is set within the socio-economic, geopolitical and cultural environment of every economy.....	120
Figure 7.2: 2001-2005 penetration rates for mobile cellular subscribers, fixed telephone lines, Internet users and broadband subscribers, by ICT-OI category.....	129
Figure 7.3: ICT-OI: sub-indices and indicators.....	130
Figure 7.4: 2007 ICT-OI growth rates 2001-2005: top and bottom ten.....	131

LIST OF ANNEXES

Annex to Chapter Three: Methodological note on the Digital Opportunity Index (DOI).....	55
Annex to Chapter Five: Glossary.....	99
Annex 1 to Chapter Seven: 2007 ICT-OI sub-indices: Infodensity and Infouse.....	140
Annex 2 to Chapter Seven: 2007 ICT-OI average annual growth rates, 2001-2005 and growth rate bands	142
Information Society Statistics.....	147
